

### **Job Vacancy**

<b>Position Title:</b>	NOC Operator
<b>Department:</b>	Chello Benelux
<b>Location:</b>	Amsterdam
<b>Salary:</b>	Competitive & Excellent benefits
<b>Contract:</b>	Definite – 12 months
<b>Reporting to:</b>	NOC Supervisor
<b>Closing Date:</b>	30 April 2008

Chellomedia Benelux is the leading supplier of Premium channels to the Dutch TV market, distributing its premium pay TV channels Film1 and Sport1 to cable networks and other platforms. It also runs the Digital Media Centre (DMC) in Amsterdam, which provides a full range of broadcast services for channel production, origination and distribution, as well as play out and propagation for several name brand third party channels.

#### **The Role**

- The NOC operator is responsible for monitoring and controlling of all equipment and systems in the NOC and Lines area, including the following:
  - Broadcast automation & archiving systems
  - Data stream analyzers
  - Uplink and downlink Equipment
  - NVOD servers and supporting equipment
  - Audio & video monitoring on DVB satellite platforms
- Assisting Playout operators as needed.
- Reporting of hardware and software status and timely responses on error messages
- Follow-up on all NOC operation issues, such as DR's and DTH/NVOD Asset fault reports
- Flag technical and equipment issues within the department
- Recording live feeds.
- Maintain a close relationship with Playout and Engineering Departments.
- Communicate with internal and external clients to keep them updated on all relevant issues.
- Operating Matrices and routing the signals during the 'live' events and studio productions.

#### **The Candidate**

- Ability to work in a team environment as well as independently
- Good communication skills
- Ability to work under pressure and high pressure situations
- A precise and problem-solving attitude
- Flexibility to work irregular hours (shift work)
- Good knowledge on satellite transmissions
- Experience in a broadcasting environment
- A MBO Level of education; preferably Electronics or ICT
- Advanced computer knowledge
- Good understanding of transmission environments
- Fluent in English (word and writing)

Thorough Knowledge of the following

- ❑ DVB standards
- ❑ Broadcast Automation
- ❑ Broadcast Clusters Servers
- ❑ NVOD Clusters servers
- ❑ Satellite receiving equipment
- ❑ All Betacam VTR Operations

If you meet the above criteria and are excited by this challenge, please send CV and covering letter in English to Yvette Hertog stating current remuneration package by email [jobs@chellomedia.com](mailto:jobs@chellomedia.com) or post to Chellomedia Programming BV, Human Resources Department, Koningin Wilhelminaplein 2-4, 1062 HK Amsterdam.

Chellomedia is committed to equal opportunities and welcomes applications from all sections of the community.
